In the afternoon we will visit LA LOBERIA. It is a coral sand beach that has been named for the large number of sea lions that rest on its rocks and sand. It is one of the places where you can practice surfing.

On the way back we will have an exquisite dinner and accommodation

Day 3.- Charles Darwin Santa Cruz Station - Scientific Station - Grietas

We start the day with a navigation from San Cristobal island to Santa Cruz Island (time approx. 2h30).

After a spectacular breakfast we go to visit the CHARLES DARWIN STATION, later we will enjoy LA ESTACION BEACH, return to the hotel to enjoy lunch, then we will have a transfer to the Puerto Ayora dock to make a short navigation until we reach Punta Estrada, opportunity to observe blue-footed boobies, frigates, continuation of our tour, visit to the beautiful German beach for its beige sand, here we will enjoy this spectacular beach.

Next of our tour through the salt mines until we reach the GRIETAS, it is a rock formation which houses a natural pool of turquoise water, in it we can take a refreshing bath and we can snorkel accompanied by beautiful colorful fish, on our way back we will have A delicious dinner for a well-deserved rest.

Day 4.- Tortuga Bay Beach - Las Ninfas Lagoon 1.30 H hike

After a delicious breakfast, we will take a walk to the beautiful beach of TORTUGA BAY, considered the most beautiful in the archipelago, spectacular landscapes, sun, turquoise sea and white sand await us, we will enjoy a refreshing swim accompanied by iguanas and colorful fish.

Return to the hotel, lunch. In the afternoon we will enjoy a short walk to LAGUNA DE LAS NINFAS.

Day 5.- full day Santa Fe – approximately 45 min navigation

Departure from your hotel at 7:30 AM to transfer you to the Puerto Ayora dock, upon boarding the yacht you will have approximately 40 minutes of navigation. Upon arrival you will disembark on Santa Fe Island, which is a central island surrounded by an incredible bay of turquoise water! This island is protected by a natural barrier of rocks, over which colonies of sea lions and hawks can be seen flying overhead.

Upon disembarking on the island you will be able to see sea lions resting on the beach around you.

You will continue on a walk in which you will be able to observe two species of land iguanas found only within this island, whose main food is the leaves and fruits of the large and thick cactus which are also a great attraction of this island, since it has giant cactus in all its surroundings.

Crabs, night herons, marine iguanas, mockingbirds and ground pigeons are frequently seen. After the walk we will return to have lunch on board, finally you can enjoy wonderful snorkeling.

The bay in its entire length and width is an excellent place for swimming and snorkeling. Sea turtles, rays, sea lions, fish and the crystal clear, warm water are unique attractions.
